Indiana Harbor Belt Railroad Announces Qualified Potential Vendors eligible to bid on future Request for Proposals of 31 Locomotives to Natural Gas

CHICAGO, IL. March 31, 2014 – The Indiana Harbor Belt Railroad (IHB) has announced a short list of potential vendors eligible to receive the Request for Proposals concerning the planned conversion of 31 locomotives from diesel to a diesel/CNG fuel.

The Potential Vendors were selected from an initial pool of interested vendors. The screening of Potential Vendors applied qualifiers in previous experience with locative remanufacturing; previous experience with CNG fueled engines, financial depth, and the ability to follow the directions as set out in the Pre Qualification Announcement.

The Potential Vendors that are eligible to receive the future Request for Proposals include:

- Energy Conversion Inc/Peaker Services
- Motive Power- A Wabtec Company
- Progress Rail- A Caterpillar Company
- Motive Power & Equipment Solutions
- Brookville Locomotive
- Sempra/Turner/Altronic
- Sempra Gas
- Intelligas Inc
- Optifuel Inc
- ET Environmental/Atlas Copco
- Clean Energy Inc

Potential Vendors Eligible for the Request for Proposals will be notified of a Pre- Bid Conference, to occur in April, 2014
